THE RADICAL PROGAMME IN THE NUTMEG STATE.

NEW HAVEN, CONN., April 2- - Night Hop. James G. Blaine addressed a Republican meeting here this evening. He discussed the Southern question at great length, maintaining that so long as opposition to reconstruction on the basis of free suffrage and the Constitutional Amendments, formed the principal Democratic issue in the South, the Republicans would be compelied to make the support of these measures the principal issue in the North. He commented with some severity on the course pursued by the Democrats in Congress, on the Louissans question, and said they had arrayed themselves solidly against any adjustment whatever, every member of the party except Stephens, of Ga., voting agains, permitting the question of adjustment and compromise to be even introduced and considered by the House. He said the evident aim of the Democrats was to restore their old mode of ruling the country, viz: With the South, and detach enough of the North to constitute a majority; with a consolidated South only needed forty-seven electorial votes in the North, and New York, Connecticut and California were just enough with Indiana, New Jersey and Oregon to fight for. Each of the States thus menaced should take heed that it did not in peace enter a coalation to destroy the fruits it had struggled for in the war. He did not have aith in additional coercive legislation the good of any State except as a last resort for the public safety, but he atpealed to the voters of Connections and to loyal voters everywhere to keep the political power of the Union in ! hands of the unwavering and and onlit. friends of the Union; those who had lought for it and served it when the

I had the utmost respect and affection for her as a Christian woman and wife and mother. but no affection in any other connection. Nothing occurred on either the 10th or 17th between Mrs. Titton and myself that has impressed itself upon my mind. Up to December, 1870,

there had never been any undue itmiliarity between us. I never, derictly, or indirectly, solicited improper proposals from her. I never had any favors from her; it would be impossible with such a woman. I never had carnal intercourse or connection during that time with Mrs. Tilton."

ARREST OF CHAS. A. DANA, ED-ITOR OF THE NEW YORK SUN.

OAKES AMES-COLFAX AFFAIR STATEMENT OF OLINER AMES THE EXECUTOR.

New York, April 3-Night-Chas A. Dana, editor of the Sun, learned this morning that an attachment had been issu d against him from the Supreme Court of the District of Columoia, which was in the hands of U. S. Marshal Fiske He went to the Marshal's office with his counsel, and surrendered himself A petition was then presented to Judge Blatchford praying for the issuance of a writ of habcas corpus ordering the Marsh I to bring Mr. Dana before the Court and show cause why he should be detained. District Attorney Bliss asked for an adjournment, and the matter was finally set for 2 o'clock on Tuesday next; Dana, meanwhile, being allowed to go on parole, being howfor an adjournment, and the matter ever in technical custody of the Court. With reference to the attachment against Mr. Dana, editor of the Sun it aprears that a subpocua was served a short time ago on Mr. Dana, com-

manding his attendance in Washingtou to testify before the Grand Jury in the case entitled the United States against Frederick H Sayder. He paid no attention to it, and hence the attachment was issued. He says that he knows nothing whatever about the case, and that it is a trick to get him in Washington. New York, April 3-Night-Oliver

Ames, Executor, has addressed the following to the Evening Post: In the Evening Post, of the 30th of Maren, I observe the following paragraph: "The Hartford Post says that it is said that the executors of Oakes Ames have discovered by his accounts that the money he claimed to have paid to Mr. Colfax and others was in fact used for his own purposes at the time he was hard pressed by his timateral en barassments." As an exemor of the estate of the late M . Oakes Ames, I pronounce the above statement of the Hart ord Post to be untrue. On the contrary all the informa' in to my possession, both as au ex-center and an radividual, convinc s me h tat the time Mc Ames alleged that he paid money to Mr. Colfax and others, he was pressed by financial embarassment. I am also thoroughly convinced that the payments which Mr. Ames claims to have made to Mr. Colfax and others were made at the time, in the manner and for the pur-

posest ated by him. [Signed] OLIVER AMES, Executor,
